paint

Procedure

- Put some light blue paint in a dish and add some water. Mix them.
- Cover the paper with the light blue paint.
- Leave the paint to dry.

- Cut the potatoes in half.
 - Leave one potato half as it is. This is the boat.
 - Cut a large triangle shape on one potato half. This is the front sail.
 - Got a small triangle shape on one potato half. This is the back sail.
 - Cut a circle shape on one. This is the port hole.
 - Cut a small flag on one.
-
- Dip the bottom boat shape in the dark blue paint.
 - Stamp it on the paper.
 - Using the grey or brown paint, make a mast for the boat.
 - Dip the large triangle shape in the red paint.
 - Stamp it above the boat in front of the mast.
 - Dip the small triangle in the white paint.
 - Stamp it above the boat behind the mast.
 - Dip the circle in the black paint.
 - Stamp it on the boat to make the port holes.
 - Dip the flag in the red paint.
 - Stamp it at the top of the mast.

Note

- I used 2 potatoes and cut one half into half for the the flag and port hole shapes.
- The template at the end of these instructions, can be used to shape the boat, the sails and the porthole more easily.
- A yellow sun can also be added.
